

2000 SERIES - Polystyrene-Insulated Garage Door

R-2000 Raised Panel

RL-2000 Long Raised Panel

CH-2000 Raised Carriage Panel - Short

CHL-2000 Raised Carriage Panel - Long

DOOR DETAILS

- Hot-dipped galvanized steel pre-finished with a primer coat and baked-on polyester top coat provides a beautiful, low maintenance finish.
- 24 or 25-gauge woodgrain embossed exterior steel provides strength and durability.
- Polystyrene insulation reduces heat loss and features a laminated High Impact Thermal Styrene (HITS) backer.
- Raised panel design, in short and long panel versions, or woodgrain embossed ribbed design.
- Tongue and groove section joints create a weather-resistant seal against rain, snow and wind.
- 18 Gauge stiles are mechanically fastened, providing section strength while eliminating welds that often rust.
- Hinges are 14-gauge, hot-dipped galvanized steel for lasting durability.
- Heavy-duty "U" shaped bottom weather seal helps protect against elements.
- 2" sections available with optional polystyrene insulation to increase thermal efficiency. R-value of 6.9 with insulation.
